

Venkateshwaran G

ELECTRICAL AND ELECTRONICS ENGINEER

Focused Electrical Engineer with background in Embedded systems, power systems, automation and controls. In-depth understanding of Embedded systems and programming languages like C and C++. Looking for an organization to give my best to bring a successful organization as well as to enhance my career .

Education

- 2016 - 2020 Bachelor of Engineering - Electrical and Electronics Engineering (CGPA: 6.49)
At Government College of Engineering, Bargur, Tamilnadu.
- 2015 – 2016 HSC (90.6%)
At Sri Saraswathi Vidhyalaya Higher Sec. School, kuttapatti, Salem, Tamilnadu.
- 2013 – 2014 SSLC (86.6%)
At PKM Govt Higher Sec. School, Madhanaickenpatti, salem, Tamilnadu.

Trainings

- 03th – 08th In-Plant Training @ BHEL Ranipet.
June-2019 Title: An Introduction to Boiler Auxiliaries Plant.
- 24th - 26th Workshop on Matlab.
Feb-2017 Title: Modeling and simulation of Electrical networks.

Certified courses

- 15th – 29th Embedded C Programming.
July-2020 Title: Microcontroller Embedded C Programming.
- 24th – 26th Workshop on Matlab.
Feb-2017 Title: Modeling and simulation of Electrical networks.

Skill set

- Software : MATLAB - Intermediate, MS-Office.
- Languages : C - Intermediate, C++ - intermediate.
- Platforms : Windows.

Academic Projects

- Title : Load frequency control in an isolated single area and two area in Reheated thermal Power System.
- Tools : MATLAB Simulation Software

Declaration

I hereby declare that all the particulars given above are true to the best of my knowledge and belief.
